Old Auto Rolling and BT Leasing are hereinafter referred to collectively as the "**Organizers**".

1.2. Within the Campaign, the Organizers have the following main obligations:

a) **Old Auto Rolling:**

- to ensure that the Campaign runs on the online platform available at www.plus-auto.ro.
- to ensure access to view the vehicles expressly mentioned on the page dedicated to the Campaign (where possible and where the vehicles are not made to order), including supplying them, through the relevant dealer, to Campaign participants who meet the conditions set out in these Rules.
- to publish these Rules on the www.plus-auto.ro platform.
- to collect the Campaign participants' data and transmit it to BT Leasing for the purpose of going through the process of contracting the financing solution.
- to grant Natural Persons the benefit provided for in point 5.7, namely the price reduction, through the www.plus-auto.ro platform.

b) **BT Leasing:**

- to grant the benefit, as described below, to the participants referred to in point 3.1 (a) and (b) who meet the conditions set out in these Rules and satisfy BT Leasing's requirements for issuing a financing offer, materialized by the contracting of the financing.

1.3. The Campaign shall run in accordance with these Rules, the provisions of which are binding on all participants. These Rules shall be made public on the www.plus-auto.ro platform from the start of the Campaign.
Participant means any person who enters the Campaign and meets the conditions of these Rules, as set out in point 3 below.
Participation in the Campaign implies the Participant's understanding of, knowledge of, express agreement to and unconditional acceptance of the Rules.

1.4. The Organizers reserve the right to amend these Rules at any time, by making the amendments public on the platform in accordance with point 1.3.
Should any provision of these Rules be declared null and void, the remaining provisions shall remain valid to the extent that they can produce legal effects even in the absence of the provisions declared null. Where possible, the annulled provisions shall be replaced with another reasonable, legally valid provision that corresponds as closely as possible to the purpose of the provisions lacking validity. The Official Rules may be amended or terminated early by the Organizers, by means of a notice to that effect published on the platform.

1.5. The Campaign consists in granting the benefits described in point 5 of these Rules for the eligible vehicles published on the www.plus-auto.ro platform by the dealers approved by BT Leasing, under the conditions of these Rules. In order to receive the financing-related benefits, the leasing application must be submitted to BT Leasing no later than 4 December 2026, and the financing offer must be drawn up during the Campaign period, namely 9–23 November 2026.
For Natural Persons, the Campaign consists exclusively in granting the benefit described in point 5.7, and the deadlines concerning the leasing application and the financing offer do not apply to them.

1.6. The Campaign is organized and runs on the territory of Romania, online, on the platform available at www.plus-auto.ro.

1.7. The vehicles covered by the Campaign are listed on the platform available at www.plus-auto.ro and are in limited stock, with the configurations (technical specifications) set out on the platform; they cannot be replaced with other vehicles, nor can their configuration be modified.
1.8. With regard to Natural Persons, the Campaign is organized exclusively by Old Auto Rolling, through the www.plus-auto.ro platform. BT Leasing is not an organizer in regards to Natural Persons, does not grant them any benefits and has no obligation in connection with their participation in the Campaign. In relation to Natural Persons, any reference in these Rules to the "Organizers" shall be understood as a reference to Old Auto Rolling, and the provisions on financing, CASCO insurance, BT Leasing and Annex 1 do not apply to them.

2. Campaign period:
The Campaign runs from 9 November 2026, 00:00 to 23 November 2026, 23:59.

3. Participants:
3.1. The following may participate in this Campaign:
a) Romanian private-law legal entities, irrespective of their form of organization, through persons holding the legal right of representation;
b) authorized natural persons (PFA), sole proprietorships, family businesses, registered in accordance with Romanian law, through persons holding the legal right of representation;
c) natural persons acting for purposes outside their commercial, industrial, craft or professional activity ("**Natural Persons**").
3.2. Participants must meet BT Leasing's financing conditions.
Campaign participants may secure the Campaign benefit only if they belong to the targeted customer category. The Organizers reserve the right to cancel applications that do not fall within the category of customers eligible to participate in the Campaign, with regard to the person who requested the financing.
Under the eligibility conditions laid down in BT Leasing's Lending Rules and Policies, there may be other situations in which financing cannot be granted.
3.3. Natural Persons participate in the Campaign exclusively for the purpose of obtaining the benefit provided for in point 5.7. They are not subject to BT Leasing's financing conditions, it being unnecessary to request or contract financing through BT Leasing, and their data is not transmitted to BT Leasing.

4. Eligible vehicles
4.1. The participation of a vehicle in the Campaign and the possibility of granting the benefits consisting of up to 6 months of free CASCO insurance, under the conditions described in point 5, are subject to the fulfilment of the eligibility criteria set out in point 4. In the case of Natural Persons, the benefit consists exclusively of the price reduction described in point 5.7, granted under the conditions of point 4.7. **The price reduction granted by the Dealer is a commercial condition of participation in the Campaign.**
4.2. To be eligible for the Campaign, the vehicle must cumulatively meet the following conditions:
(i) be a passenger car or light commercial vehicle, new or second-hand, including electric, with a maximum authorized mass of up to 3.5 tonnes, financed through BT Leasing Transilvania IFN S.A.;
(ii) be published on the www.plus-auto.ro platform by a dealer approved by BT Leasing; and
(iii) benefit from a reduction of at least EUR 500 for vehicles with a Reference Price above EUR 10,000, or of at least 5% for vehicles with a Reference Price of at most EUR 10,000.
4.3. Vehicles that are eligible under point 4.2 or, as the case may be, point 4.7 shall be highlighted on the www.plus-auto.ro platform by a "Black Friday" banner stating the applicable benefit, as follows:
a) vehicles that meet the conditions of point 4.2 shall carry a special banner stating the benefit provided for in point 5.1;
b) vehicles that meet the conditions of point 4.7 but not those of point 4.2 (including those published by dealers not approved by BT Leasing) shall carry a special banner stating the benefit provided for in point 5.7.

For any vehicle carrying one of these banners, Natural Persons benefit exclusively from the benefit provided for in point 5.7, regardless of the benefit stated in the banner.
4.4. Determination of the reference price and verification of eligibility

Given that the offer to participate in the Campaign was communicated to professional Dealers on 26 October 2026, that date shall be considered the reference date for verifying compliance with the minimum discount condition set out in point 4.2 (iii) ("**Discount Reference Date**").

For the purpose of verifying eligibility for the Campaign, on 9 November 2026, the reference price of the vehicle ("**Reference Price**") is determined as follows:

a) **for vehicles published on the platform before or up to and including the Discount Reference Date**, the Reference Price is the lowest price displayed for that vehicle during the 30 calendar days preceding the Discount Reference Date, namely in the period 25 September 2026 – 25 October 2026, inclusive;

b) **for vehicles published on the platform for the first time after the Discount Reference Date**, the Reference Price is the first price displayed for that vehicle on the platform, provided that the vehicle has not previously been published on the platform at a lower price. The Organizer shall exercise all reasonable diligence to verify that the vehicles concerned have not previously been published on the platform, including by deleting and republishing existing listings.

Discounts applied before the Discount Reference Date are not taken into account when determining the discount required for participation in the Campaign, as they are already reflected in the vehicle's Reference Price.

Consequently, in order to become eligible for the Campaign, the vehicle must benefit from an additional reduction, applied starting from the Discount Reference Date, calculated by reference to the Reference Price and meeting the minimum threshold provided for in point 4.2 (iii).

For the purpose of verifying eligibility, all price reductions applied starting from the Discount Reference Date shall be taken into account, including successive reductions. Where several successive reductions are applied, they are cumulated in order to determine the total price reduction granted relative to the Reference Price. The listing becomes eligible when the total reduction reaches the minimum threshold provided for in point 4.2 (iii), provided that the other eligibility criteria are also cumulatively met.

The eligibility of a listing is verified at the time it is included in the Campaign, by reference to the price displayed at that time and to the Reference Price determined in accordance with this point.

4.5. After a listing has been included in the Campaign, i.e. starting from 9 November 2026, the Dealer may apply additional reductions to the vehicle's price without this causing the listing to lose its eligibility, provided that the reductions are maintained within the same promotional campaign and that the applicable legal provisions on progressive price reductions are complied with.

4.6. Increasing the price of a vehicle after the listing has been included in the Campaign, i.e. starting from 9 November 2026, results in the automatic loss of its eligibility and the removal of the "Black Friday" banner from the listing.

By way of exception, the vehicle may be reintroduced into the Campaign if, after the increase, the Dealer applies a new price reduction that again meets the condition set out in point 4.2 (iii), calculated by reference to the lowest price applied during the 30 days preceding the new reduction, in compliance with the applicable legal provisions.

In this case, for the purpose of verifying eligibility for the Campaign, by way of derogation from the provisions of point 4.4, the Reference Price shall be the lowest price applied during the 30 days preceding the new reduction, including the price prior to the increase, if that is the lowest price in the 30 days preceding the new reduction.

Nota Bene: For the avoidance of doubt and by way of example, if a vehicle had a Reference Price of EUR 10,000, to which the Dealer applied a reduction of EUR 500, resulting in a price of EUR 9,500, the vehicle would meet the minimum discount condition and could be included in the Campaign, provided the other eligibility conditions were also met.

If, after inclusion in the Campaign, the Dealer were to increase the price from EUR 9,500 to EUR 10,000, the listing would lose its eligibility. To re-enter the Campaign, the new reduction would have to be calculated by reference to the lowest price applied in the last 30 days, namely EUR 9,500. Thus, the minimum reduction required would be 5%, i.e. EUR 475, and the maximum price at which the vehicle could re-enter the Campaign would be EUR 9,025.

4.7. In the case of Natural Persons, the benefit provided for in point 5.7 is granted for vehicles that meet the conditions of point 4.2 (iii) and for which the price reduction has been calculated, maintained and verified. The condition of financing through BT Leasing provided for in point 4.2 (i) does not apply to Natural Persons.

5. Campaign benefit:

5.1. Within the Campaign, with regard to the Participants referred to in point 3.1 (a) and (b), for eligible vehicles (subject to the conditions of point 4 above) financed through BT Leasing Transilvania IFN S.A., **the benefit of up to 6 (six) months of free CASCO insurance may be granted, through the insurer Groupama** (a campaign run through *BT Broker de Asigurare*), under the eligibility and payment conditions set out in these Rules and in Annex 1. The duration of the free period depends on the duration of the financing contract: 3 (three) free months for financing contracts of at least 36 months, 5 (five) free months for contracts of at least 48 months and 6 (six) free months for contracts of at least 60 months. The financing is provided through financial leasing or a loan, for a period of at least 36 months. The offer is valid until 4 December 2026, inclusive, provided that the leasing application is submitted to BT Leasing by that date and the financing offer is drawn up during the period 9–23 November 2026, inclusive. The granting of the financing and the conclusion of the contract are subject to BT Leasing's approval and to the fulfilment of the applicable conditions.

The benefit is granted only if the financing is approved and the financing contract is concluded, in compliance with the eligibility conditions of BT Leasing and of the insurer. The specific conditions for issuing, paying and maintaining the CASCO policy, as well as the possible consequences of its early termination, apply in accordance with the insurance documentation and the provisions of Annex 1 regarding the retrieval of the free periods granted.

5.2. The following costs apply to financings contracted under the Campaign:

- Fixed interest rate: 4.95%;
- Management fee: 2.5%, applied to the entry value (net price);
- Monthly administration fee: 0.06%, applied to the entry value (net price);
- Registration costs: RON 950 + VAT.

5.3. The CASCO insurance may be paid in full, monthly or quarterly. For the option with 5 (five) free months, available only for contracts with a duration of at least 48 months, only payment in full or monthly payment is accepted. A 10% reduction is granted for annual payment. In the event of early termination of the policy, the free periods granted are recovered in accordance with the rules of the insurance campaign, attached to these Rules as Annex 1.

5.4. Eligibility conditions for the free CASCO benefit:

a) for second-hand electric vehicles, the maximum age at the time of entering the insurance is 5 years;
b) for other vehicles, the maximum age at the time of entering the insurance is 8 years, provided that the vehicle does not exceed 10 years of age at the end of the leasing period;
c) the vehicle must not be used for taxi, ride-hailing (including Uber, Bolt, Yango or Clever), short-term rental (rent-a-car), driving school, guarding, protection and intervention, drive-test/demo, service/replacement or courier purposes.

5.5. Separately from the financing and insurance benefits described above, throughout the Campaign period all dealers benefit from a 50% reduction on all promotional tools available on the www.plus-auto.ro platform, regardless of whether the dealer is approved by BT Leasing or whether its vehicles meet the eligibility conditions set out in point 4 and point 5.

5.6. The Campaign benefit cannot be replaced with another one, nor can its award be requested for vehicles other than those covered by the Campaign. If a Participant refuses the benefit, directly or indirectly, or requests that it be replaced with another benefit or with its equivalent value for other financings or vehicles, this results in the loss of the benefit covered by the Campaign.

5.7. In the case of the Natural Persons referred to in point 3.1 (c), the Campaign benefit consists exclusively of the price reduction applied to the vehicles displayed on the platform, under the same eligibility, calculation and maintenance conditions set out in point 4 (including the Reference Price and the minimum threshold in point 4.2 (iii)). This benefit is granted exclusively by Old Auto Rolling, through the www.plus-auto.ro platform, and not by BT Leasing. Natural Persons do not benefit from free CASCO insurance, from the financing conditions provided for in points 5.1 – 5.4 or from Annex 1, which apply exclusively to the Participants referred to in point 3.1 (a) and (b). The provisions of point 5.6 apply accordingly.

6. Campaign mechanism:

6.1. Any of the persons referred to in point 3 must, in order to participate in this Campaign:

- access the www.plus-auto.ro platform;

- browse the vehicles published by dealers approved by BT Leasing that carry the "*Black Friday*" banner and select a vehicle eligible for the Campaign;
- complete the financing request form with the requested data and submit the application to BT Leasing under the conditions of these Rules.

6.2. Participants who have completed the stage provided for in point 6.1 will be contacted regarding the next necessary steps and the financing procedure through financial leasing or lending, in accordance with the legal rules and BT Leasing's procedures.

6.3. In order to benefit from the financing offer under the Campaign, the Participant must submit the documents requested by BT Leasing for the risk analysis and for calculating the monthly instalment and the down payment. The granting of financing is subject to BT Leasing's analysis and approval. For the offer to be eligible for the Campaign, it must be drawn up during the period 9–23 November 2026, inclusive, and the leasing application must be submitted to BT Leasing no later than 4 December 2026.

Participants may participate and apply for several vehicles by entering the Campaign, provided that the requirements imposed hereby are met.

Requests for financing offers made through the relevant form shall be received and processed for the purposes of this Campaign in the order of receipt and in compliance with these conditions, meaning that issuing a financing offer for a vehicle presupposes that the vehicle is still available at that date in relation to any earlier offers issued for the same asset.

The offer is valid while vehicles remain in stock, and the Organizers are exempt from any liability if, on or after receipt of a request form or financing offer, the vehicle concerned becomes unavailable in stock as a result of fulfilling an earlier financing request and offer.

6.4. The vehicles shall be delivered by the car dealers referred to in point 1.5, after the signing of the financing contract with participants who have met the requirements of this document and the conditions for granting financing, under the terms agreed by BT Leasing, the financed entities and the car dealers.

6.5. Natural Persons participate in the Campaign by accessing the www.plus-auto.ro platform and selecting an eligible vehicle carrying the "Black Friday" banner, without completing the financing request form and without going through BT Leasing's financing procedure. The provisions of point 6.1 (third paragraph), 6.2 and 6.3 do not apply to Natural Persons. The price reduction is reflected in the price displayed on the platform for the duration of the Campaign, under the conditions of point 4.

7. Limitation of liability:

7.1. Old Auto Rolling informs Participants that it assumes no liability regarding the availability of the vehicles covered by the Campaign where offers are issued before the financing offer is issued, the financing file is approved or the financing contract is signed by the Participant and BT Leasing.

7.2. BT Leasing informs Participants that the transmission of personal data and the submission of the documents requested within the approval/contracting procedure do not constitute a guarantee or the assumption of any obligation by BT Leasing to grant financing through financial leasing or lending. The financing conditions are subject to the prudential requirements imposed by the National Bank of Romania.

7.3. BT Leasing assumes no liability for failing to issue the financing offer by the Campaign deadline, in situations where the requirements imposed were fully met, or in situations that do not allow financing to be granted in view of the eligibility conditions set out in the legal rules and BT Leasing's financing Policies.

Old Auto Rolling and BT Leasing assume no responsibility for any error or omission regarding the contact details provided by Participants, the accuracy of the contact details provided by Participants being their exclusive responsibility, and are not liable where Participants cannot be contacted because of an incorrect/incomplete name or e-mail address, the security and privacy settings of personal e-mail accounts, or the absence of a reply within a reasonable time.
